

Congressman Paul Ryan

together with the
United States Postal Service

Invites you to attend a
1st District Passport Fair

Do you plan to travel outside of the U.S. in coming months? If so, due to changing travel and security requirements, you will likely be required to secure a U.S. Passport before your trip. As a result of the changes in travel regulations and a high demand for U.S. Passports, it is also currently taking substantially longer than usual to secure a U.S. Passport.

*To be of assistance to 1st District residents, I am encouraging area residents to apply **EARLY** for their U.S. Passport, to ensure that they receive it prior to their travel date.*

*That is why I am hosting two Passport Fairs next month. These **Passport Fairs** will allow individuals to secure information about the new travel requirements and submit Passport applications in one convenient location and without an appointment.*

Visit: www.travel.state.gov/passport for information on the fees, documents, photos and other required information that you will need to bring with you to the Passport Fair.

1st District Passport Fairs

Date: Wednesday, September 12th
